

# All-in-one resource for managing documentation, compliance support, and much more

No more sifting through emails or stacks of paper to find your compliance documents. The SafeSite portal keeps all your documents and records updated, organized, and accessible.

With the **SafeSite Essentials** plan, all available compliance reports are easily accessed on-demand within the portal.

With the **SafeSite Advantage** plan, the portal provides unlimited access to a wide array of tools and features that make it easier than ever to manage the demands of OSHA requirements and industry standards. Check out all the different ways it can support you and your property:

#### **DOCUMENTATION ORGANIZATION:**

Easily access historical compliance documents for every site in your portfolio, including annual inspections, testing reports, certifications, and past compliance proposals.

#### **EDUCATIONAL TOOL:**

Stay informed on all existing standards and regulations with plenty of helpful content and features.

#### **COMPLIANCE GUIDANCE:**

The portal is a digital Compliance Manual that helps you navigate compliance requirements for all exterior building maintenance – not just window-cleaning services.

#### **ADDITIONAL SAFESITE RESOURCES:**

You can easily submit scheduling requests for group educational seminars and site-strategy sessions, access and print required building-owner assurance templates, and more helpful tools – all from your portal account!
